ICYMARE
International Conference for
YOUNG Marine Researchers

ICYMARE 2020
26–27 August 2020

CALL FOR VIRTUAL SESSIONS
ICYMARE 2020 ONLINE EDITION | 26 – 27 AUGUST 2020

We CALL FOR VIRTUAL SESSIONS! - Apply as a Session Host
Do you feel up for the challenge of hosting a virtual session?

We would like to give you the opportunity to get in touch and establish your network even though a real meeting is not possible this year. As the network character and discussions will be in the focus, we will not have a Book of Abstracts or Proceedings. However, you can get a certification for being a session host.

Please apply as virtual session host to abstract@icymare.com **until 31 May 2020** by sending 1) a short motivation letter on why you want to become a session host and 2) your most recent CV incl. affiliation and research area. As a session host you can also present your research of course.

Network and present
Show us your research online

Want to get to know other early career marine researchers? Present your research in short 5 to 10 minutes presentations and discuss it with an interdisciplinary group of 10 people online. It's for free and easy to enroll: just register by sending us 1) your full name, 2) your affiliation, 3) one to three sentences on your research **until 30 June 2020** to abstract@icymare.com.

After your networking sessions, we would like to ask you about your experiences and emotions caused by the Corona crisis and how online alternatives of meetings and networking helped you through it. Therefore, we would like to send you a short (!) survey to fill out.

We hope that this alternative form of a network meeting will help you to keep the spirit up. Together, we will make the best out of this situation. We hope to see many of you again and lots of new ICYMARE family members at the next real meeting in 2021!

All the best, stay healthy
Your ICYMARE Organization Team
