# CALL FOR ABSTRACTS

ICYMARE 2025 BREMERHAVEN | 8-12 SEPTEMBER 2025

## CALL FOR ABSTRACTS

Are you working on exciting marine research? Whether you are a Bachelor, Master, or PhD candidate, ICYMARE 2025 BREMERHAVEN is your chance to present your work and connect with fellow early career scientists. You can choose to showcase your research as either a talk or a poster – whatever suits your work best.

### WHY PRESENT AT ICYMARE?

ICYMARE is more than just a conference – it is a space for scientific exchange, networking, and new ideas. Presenting your work allows you to gain valuable conference experience in a welcoming and supportive environment, discuss your research with peers and experts from around the world, and explore potential collaborations to expand your professional network. Whether you have completed a study or are still in the middle of your research, we encourage you to submit an abstract and give it a go.

### HOW TO SUBMIT YOUR ABSTRACT

- Log in or create a MyICYMARE account at <https://conference.icymare.com>.
- Submit your abstract **by May 15, 2025**.
- Follow the submission guidelines available in your MyICYMARE area.

If you registered for ICYMARE last year, your MyICYMARE account is still active – please ensure your details are up to date. If you are submitting an abstract for a talk or a poster, you may also apply for one of our ICYMARE Travel Grants to support your participation.

### MORE WAYS TO BE PART OF ICYMARE 2025

ICYMARE is not just about presenting research. You can also:

- Attend talks and discussions as a listener.
- Present a project pitch and share your ideas with the community.
- Take part in workshops and social events to meet fellow participants.
- Support the conference as an on-site volunteer.

### QUESTIONS?

For any inquiries, please contact us at [abstract@icymare.com](mailto:abstract@icymare.com). We look forward to receiving your abstracts and welcoming you to ICYMARE 2025 BREMERHAVEN.
